

K-LOVE truly touches the lives of people in the Omaha community. It builds me up everyday as life's struggles tends to get me down. It provides loving, family safe content that me and my family can listen to at any time without worrying about what might be said. I believe the Omaha would suffer if K-LOVE were to be displaced by an LPFM broadcaster by creating a void that many have come to be encouraged by each and everyday. I believe Omaha is a better place with K-LOVE.
